RAILWAY LABOR BOARD HOPEFUL OF SETTLEMENT

War Clouds Hover Over Hungary Result Return of Charles

BIG BROTHERHOODS REITERATE WARNING PROPER ADJUSTMENT

(By Associated Press)

CHICAGO, Oct. 24.—The United States railroad labor board announced today it had great reason to hope the strike will be settled. A formal announcement by the board warned the public to refrain from loose talk and provocative language about either side of the controversy. The decision of the railroad clerks and station employees, numerically one of the largest railway men's unions, not to join the big five brotherhoods in the strike scheduled for October 30, places the brotherhoods greatly in the minority in their announced determination to walk out.

The four big brotherhoods and switchmen's union have reiterated their warning to the United States railroad labor board that only a "satisfactory settlement" can prevent the railroad strike called for next Sunday morning. It was announced.

The Brotherhood of Railway Signal Men of America will not join the brotherhoods and switchmen in the contemplated strike, President Helt announced.

(By Associated Press)

CLEVELAND, Ohio, Oct. 24.—It was learned here today that the big five railroad brotherhoods, in reply to the railroad labor board's offer to appear in Chicago Wednesday night, replied in a message that the only power in their hands was to advise their members that a satisfactory settlement had been reached.

LYDD GEORGE INDIGNANT AT MESSAGE POPE

(By Associated Press)

LONDON, Oct. 24.—Premier Lloyd George, answering a question in the House of Commons regarding De Valera's message to Pope Benedict, said the publication of De Valera's message, especially in the middle of the peace negotiations, constituted a grave challenge.

The position of the government on the question involved in that telegram has been made abundantly clear. We do not propose to recede from it, and the conference cannot proceed on any other basis," the premier said.

COONEY CLIFFORD GIVEN 14 YEARS

Cooney Clifford, who was indicted by the grand jury upon the charge of larceny of livestock from the United Cattle & Packing company, and who entered a plea of guilty before Judge Averill Saturday morning, was this afternoon sentenced to serve not less than one nor more than 14 years in the penitentiary at Carson City. Clifford was charged with killing animals near Twin Springs.

Maximum yesterday	45 52
Minimum yesterday	29 31

PROSPERITY IS VERY FRIENDLY THIS SECTION

The threatened railroad employees' walk-out does not seem to worry operators of mines in Tonopah and the surrounding districts, but the task of development goes merrily forward, with renewed confidence being reposed concerning the future of southern Nevada. Mineral finds of magnitude have been of such frequent occurrence during the past few weeks that it is now acknowledged that we are going to experience a wonderful season of prosperity.

Two new camps in Nye county are enjoying considerable activity, and when mining activities are at full swing the momentum will be swift and certain. San Antonio seems to be attracting the greatest attention at the present time, presumably by reason of its nearness to Tonopah, but the fact should not be forgotten that Argentina is making considerable noise at present.

San Antonio is old as a district, but is new in point of wonderfully rich discoveries that have been made of late near surface, and it is evident that the camp is going to give a good account of itself during the coming months. Development, so far as it applies to ore extraction, is centered principally on the property of the Hudson Mining company, although the whole district is showing considerable activity. Ground has been staked in all directions, and the location work is now in order by the locators.

On the Hudson property no less than a half-dozen locators are at work with satisfactory results, and it is probable that within the next 10 days fully 15 more leases will be granted. There is a race on between the Betts and McCarthy leases to see which block of ground makes the best showing, with the former in the lead as a result of more development having been performed. However, the surface showing on the McCarthy block equals that of the Betts ground at the same depth, and the outlook is promising for shipments being started from both workings within a comparatively short time.

During the past week the road leading to San Antonio has been traveled by many motorists who were desirous of seeing with their own eyes just what was taking place in those fields, and not one person has failed to place the stamp of approval upon the district. When the opinion is unanimous, there is something to the excitement, and naturally everyone having the best interests of Tonopah and Nye county at heart will await further developments with more than passing interest.

Owners of property at Argentina are saying little and saying wood, so to speak, but it is nevertheless a fact that there is much activity in that locality. The Sanger property, recently purchased by Waterman Brothers, is receiving well directed attention, and the fact that English capital has been looking over the district with a view to investing heavily, lends color to the situation. The Shirley-Edgar property.

JACOBS WILL PLEAD WEDNESDAY MORNING

In the district court this morning Sam Jacobs, indicted by the grand jury upon the charge of uttering fictitious checks, was called upon to plead. Jacobs apparently was unfamiliar with court procedure, and it finally became necessary for Judge Averill to appoint W. R. Gibson as attorney to represent the defendant. Attorney Gibson asked for time in which to confer with his client and was given until Wednesday morning at 10 o'clock in which to have Jacobs ready to plead to the indictment.

'UNDER FIRE' IS LECTURE TOPIC OF COL. DAVIS

Under Fire will be the topic of a lecture to be given by Lieutenant Colonel George H. Davis, Salvation Army evangelist, tonight in the Eagles' hall, Main street. This address will conclude Colonel Davis' public speaking in Tonopah, and is being given under the auspices of the local corps of the Army.

During the late world war, Colonel Davis served as an inspecting officer, traveling along the line of action and observing the workings of the Salvation Army with the American troops. He was under fire the greater part of his time overseas.

His lecture tonight will be descriptive of the part played in the war by the girls of the Salvation Army. Captain Fred Olsen, local head of the Army and a former war service worker, makes the following statement regarding the colonel's lecture:

"Colonel Davis has a wide reputation as a public speaker throughout the east, he having only been attached to the western headquarters for the last three months. His lecture, 'Under Fire,' has been given to crowded houses in the largest cities of the United States and England, always receiving favorable comment in the press and hearty endorsement from those under whose auspices the lecture was given.

"The people of this city have never before had an opportunity to hear the war story of the Salvation Army from the lips of its own representative, and I hope that the lecture tonight will be attended by a good crowd.

The Salvation Army was in Belgium on war service before the German army reached Brussels, two Salvation Army women having been located by the London headquarters to do relief work among the refugees of that city. These were the first relief workers on the scene of action, and the first women to serve in the war zone as relief workers. The Salvation Army was the first organization to use women as welfare workers; other prominent organizations having followed our lead after the Army had proved such a phenomenal success."

CARR GETS JOLT OF 120 DAYS IN JAIL

J. J. "Curley" Carr stood trial in the federal court upon the charge of violating the Volstead act, and was convicted, being sentenced to serve four months in the county jail and to pay a fine of \$250. John Murray, his associate, pleaded guilty and escaped with 86 days in jail and a fine of \$100. According to the sentences imposed, Judge Farrington only grants leniency when the defendant enters a plea of guilty, hence the severity of Carr's sentence.

It is expected that John Murray, J. J. Carr and C. Y. Poy will arrive in Tonopah tomorrow morning in company with an officer, where they will begin serving their sentences in the Nye county jail. Murray must serve 80 days, Poy 60 days and Carr 120 days.

WETS WIN WINE-BEER RIGHTS BY NEW RULING

(By Associated Press)

WASHINGTON, D. C., Oct. 24.—Henderson for the use of beer and wine for medicinal purposes will be issued immediately, Secretary Mellon said. They will permit manufacture and prescription of beer and wine for the sick. They will make a case of beer the prescription unit for this beverage.

These regulations, Commissioner Blair said, limited the amount of beer which might be prescribed at one time to 2½ gallons, but did not limit the number of prescriptions a physician might issue. Prescriptions for the use of wine for medicinal purposes, the commissioner said, was limited to two quarts at one time, but also without limit as to numbers.

BRITAIN MAY HELP IN CASE JAP TROUBLE

(By Associated Press)

MANILA, P. I., Oct. 24.—That war on the Pacific, which would involve the United States, would bring in the side of America not only Great Britain herself but the "whole family of British nations," was the personal opinion expressed by Lord Northcliffe in answer to a direct question put by a staff correspondent of the Manila Shimbun of Japan, who had been sent here to interview the British publisher on the far-eastern question.

SOLDIER FINDS HONORED TOMB AT ARLINGTON

(By Associated Press)

CHALLONS-SUR-MARNE, Oct. 24.—America's "unknown soldier," who will find an honored resting place in the national cemetery of Arlington, was chosen here. The ceremony of selecting the casket took place in a little improvised chapel in the city hall here and in keeping with a request from the United States government, was very simple and brief.

OIL STRIKERS EXPECT CLOSE STRIKE SOON

(By Associated Press)

BAKERSFIELD, Cal., Oct. 24.—Leaders of the striking oil workers of the San Joaquin fields said they expected this week, the seventh of the strike, would bring it to a close. They said some developments which they had been working on for a month probably would be completed and would terminate the period of idleness. They declined to discuss their nature.

WINE MAKERS HAD BETTER GET PERMIT

Home wine makers are warned to beware. The revenue man is hot on their trail, and it is all because they are makers of wine. He has taken out his permit in Tonopah. Deputy Revenue Collector Marvin H. Arnold has received instructions to confiscate all wine found in homes where a permit has not been granted, so the onslaught may be expected almost any time. These permits do not cost a cent, but the government desires to keep tabs on those who are indulging in this luxury, so it could be well for those who contemplate manufacturing this home elixir to look into the matter.

AGED PIONEER IS TENDERLY LAID TO REST

Planes and friends of years' standing assembled yesterday afternoon at the site of the late Henry Edgar (Sander) to pay final tribute to a man who had much to do with the blazing of the trails that are of today's traveling. Services, which were held at the undertaking parlors at 2 o'clock, were responsive of a large gathering despite the inclement weather, and the casket was literally covered with a profusion of floral offerings, the remembrance of loving friends who had known this sturdy and kindly pioneer gentleman during his life.

It was a fitting and lasting tribute to a man of the west, a man who had been a material factor in the growth of Nye county in particular where he had resided for so many years. To such men as Henry Edgar (Sander) southern Nevada owes its very existence today. One of the first arrivals in Eureka, following the rush to Belmont, Nye county, Mr. Sander at once became identified with the business life of that community, and he continued to claim Nye county as his home from the date of his arrival in 1867 up until the hour of his death.

Services were conducted by Rev. A. E. Hinder, who paid a glowing tribute to the departed, at the same time offering words of comfort to the grief-stricken relatives and friends of this sturdy western pioneer, who braved the dangers of the early days of both Nevada and California. A large cortege followed the remains to the local cemetery where, amid short but impressive ceremonies, they were laid to rest.

The pallbearers were all pioneers of Tonopah, and the last three named are pioneers of Belmont and Tonopah, as follows: W. T. Cuddy, Thomas Cuddy, B. B. Davis, Dr. J. C. Fowler, Ernest Easer, Charles Goodwin and W. W. Booth.

GUARANTEE OR RAILROADS MAY BE WIPED OUT

WASHINGTON, D. C., Oct. 24.—A long smoldering movement in congress for a repeal of the railroad 6 per cent guarantee provision of the transportation act and also of the Adamson law, appeared in the open before the senate interstate commerce committee today when representatives of state railway commissions and agricultural organizations appeared to urge such changes.

COLD SNAP KEPT US UNDER COVER

The first cold snap of the year visited Tonopah yesterday and late in the afternoon was followed by a light fall of snow which melted almost as fast as it fell.

GOVERNMENT FORCES WIN SUCCESSES OVER SUPPORTERS EX-KING

(By Associated Press)

BUDAPEST, Oct. 24.—Hungarian government forces fighting against the troops of former Emperor Charles to regain the throne, have won a pronounced success against the Charles forces, it was announced in reports to the government today. The reports stated the town of Kassa had been recaptured and that the Charles' home attacked in the rear.

(By Associated Press)

LONDON, Oct. 24.—An unsigned report that former Emperor Charles had been assassinated was received by the Exchange Telegraph company today.

(By Associated Press)

PARIS, Oct. 24.—War clouds seem to be gathering over Hungary as a result of Charles' flight to that country and the attempt to establish himself upon the Magyar throne. Rumania and Czechoslovakia, member nations of the "little entente," are understood to be mobilizing their forces to bring pressure upon Hungary to expel Charles, while there have been reports that Rumania, the third member of this Balkan combination, is prepared to join her allies in a military demonstration.

Communication between Budapest and the outside world has been interrupted for the last 15 hours. As the British Hungarian agent is supposed to have secured in London a British passport for Charles, the British government is expected to call upon the agent and assist him in that effort.

Communication between Budapest and the outside world has been interrupted for the last 15 hours. As the British Hungarian agent is supposed to have secured in London a British passport for Charles, the British government is expected to call upon the agent and assist him in that effort.

About this time a man and woman broke up in an auto and Mr. Evans, finding it impossible to pass the house, owing to its being all of the road, took the steering wheel and drove to Tonopah by another route. The car which he was driving when it overturned was badly wrecked, the entire top being demolished, but it was brought to Tonopah this morning by a truck sent out by the railroad.

It was purely a coincidence that Mrs. Evans and the young man were not in the car. Mr. Evans had received a call to meet the Tonopah & Tidewater train at Goldfield, and intended taking his wife and son along, but a neighbor called about the time of departure, whose stated alone.

The pallbearers were all pioneers of Tonopah, and the last three named are pioneers of Belmont and Tonopah, as follows: W. T. Cuddy, Thomas Cuddy, B. B. Davis, Dr. J. C. Fowler, Ernest Easer, Charles Goodwin and W. W. Booth.

MEDIATION ON COAL STRIKE IS NOW PROPOSED

(By Associated Press)

WASHINGTON, D. C., Oct. 24.—Mediation by the senate education and labor committee of the 26-year-old controversy between the coal miners and operators of the West Virginia fields was proposed by Philip Murray, vice-president of the United Mine Workers of America, at the resumption of the inquiry being conducted by a sub-committee of that committee.

WOMAN MUST SERVE 3 YEARS IN JAIL

(By Associated Press)

NEW YORK, Oct. 24.—Mrs. Emma Richardson Burkett, of Indiana, was today sentenced to three years in the penitentiary for forging the indorsement of Theodore Roosevelt to a note for \$69,900.

(By Associated Press)
